

When you're looking for a **RingCentral** provider... **WHY CHOOSE GCTI?**

You have many choices when it comes to selecting an implementation and support partner. Here are the key benefits that make working with Global CTI a *better experience for your business*.

Expertise & Reliability Matters

As a Certified Delivery Partner, Global CTI provides technical design, implementation, network configuration, integration, and nationwide monitoring services.

Customers receive unmatched expertise and service, with easier and faster implementation.

Go For The Gold

Global CTI has worked hard to earn Gold status, the top .5% of RingCentral partners. That translates to a 96.8 Net Promoter Rating reflecting our customer loyalty and satisfaction with our service and delivery.

Do business with a provider that delivers the best results, to your complete satisfaction.

Complex Integrations? No Problem!

Today's unified communications involve high-level connectivity and mobility, and GCTI engineers have vast experience. ***Some customers see actual cost savings once GCTI evaluates systems and finds greater efficiencies while delivering higher functionality.***

Get Help in Seconds

GCTI Help Desk calls or emails are typically answered within 30 seconds during normal business hours, with 365, 24/7 help available after hours, too. ***When you need help, our California-based customer support team is ready!***

In-House Experts On Call

When Help Desk can't resolve an issue, our in-house RingCentral team is ready to deploy. ***Customers***

benefit from GCTI's decades of enterprise communications experience so problems are resolved fast using industry best practices.
